

Hints for 3.2 Hitchhiking

The inscription contains instructions to piece together a word. Follow them carefully.

What is a vast tail? Has it got something to do with the small yellow fish? What is it that a vast tail cannot explain? Something on the torn page, perhaps?

And also, what is Henry's domain? It's mentioned in the story!

Follow the instructions! To reiterate, follow the instructions!

Henry's domain is a three word phrase mentioned in the story.

Get a vast tail to "explain" the torn page, and see what it cannot.
